The Real Problem

Why Hospitals & Clinics Lose Patients To Competitors

01 Spending big money on roadside billboards that drivers pass in 2 seconds.

02 Asking busy doctors to make daily social media videos, which never works.

03 Paying booking apps that show competitor clinics right under your name.

04 Nearby offices, banks, and schools do not even know what treatments you offer.

05 Big hospital chains opening branches nearby and taking away your regular patients.

THE SIMPLE DIAGNOSIS

You have great doctors and equipment. People in your area just don't know you yet.

Fix This on WhatsApp: +92 0318 910 7951

The 5-Step Patient Funnel

How Patients Come To Your Hospital

A simple, visual step-by-step funnel showing how we turn local residents into loyal hospital patients.

STEP 1: GROUND OUTREACH

In-Person Business Visits with Handsome Offers

01

We give them a card, a handsome offer they remember, and collect their correct data.

Our team physically walks into major businesses, corporate offices, banks, and residential societies in your area. We give them a brief, respectful persuasion about their health, hand them official cards, and present a very handsome health checkup offer that they remember. In exchange, we collect their correct, verified contact data one by one.

↓

STEP 2: AREA RETARGETING

Retargeting on Social Media (Them + Lookalikes Nearby)

02

Showing your business & offers repeatedly on all their social media feeds.

We take the data we collected and retarget them across Facebook, Instagram, and YouTube. In addition, we target people just like them living and working in that exact same area, repeatedly showing them your hospital facilities, specialist doctors, and handsome medical checkup offers.

↓

STEP 3: TRUST CONTENT

Building Trust: 5 Hours Filming → 100 Repurposed Assets

03

Your doctors give just 5 hours a month to record 5 core pieces of content.

To build deep clinical trust, your doctors spend only 5 hours once a month recording 5 core pieces of educational health content. We republish and repurpose those 5 pieces into 100 short video reels, tips, and posts across all social media specifically in your local area.

↓

STEP 4: AREA MONOPOLY

Top-Of-Mind Brand Recall & The One-Stop Solution

04

Whenever anyone in your area needs medical care, your hospital is their first instinct.

Because your hospital is available everywhere on their phone and in their office, people feel like you are the trusted one-stop solution for their family. If they have any health symptom or surgical need, your hospital is the first and only name they think of.

↓

STEP 5: DIRECT CONVERSION

Direct WhatsApp Appointment & Surgery Bookings

05

1-tap contact directly on +92 0318 910 7951. Fast tokens in 60 seconds.

Every post, video, ad, and card points directly to one single place: WhatsApp (+92 0318 910 7951). Prospective patients tap once to chat with your reception, share X-rays/reports, ask questions, and secure confirmed doctor consultation tokens immediately.

Our 3 Simple Execution Pillars

The 3 Things We Do For Your Clinic

A real-world breakdown of how we get patients walking into your hospital.

PILLAR 1: IN-PERSON B2B VISITS & DATA COLLECTION

In-Person Walk-Ins to Major Businesses, Corporate Offices & Residential Communities.

We put real boots on the ground. Our team visits commercial companies, banks, schools, and residential apartment buildings within 5 km of your clinic. **We give them a brief, persuasive talk about their health, hand them official cards, and present a very handsome health checkup offer that they will remember.** In return, we collect their correct, verified contact data one by one.

REAL FIELD REPORT SAMPLE (KARACHI AREA)

1. Habib Bank Tower, Clifton — Camp Booked
Met HR Manager · Handed VIP Cards & Executive Camp Offer · 220 Staff Contacts Verified

2. Creek Vista Apartments, DHA Phase 8 — Camp Scheduled
Met Society Committee · Distributed Handsome Family Checkup Vouchers · 450 Families Reached

3. Tech Park Office Hub, Shahrah-e-Faisal — MOU Active
Met Admin Head · Corporate Emergency Protocol MOU Signed · 180 Workers Enrolled

PILLAR 2: RETARGETING ON ALL SOCIAL MEDIA

Retargeting Them on Social Media + People Like Them in That Same Area.

We take the verified data we collected and retarget those people across Facebook, Instagram, and YouTube. In addition, we find **people like them living and working in that exact same 5 km area**, showing them your hospital, facilities, specialist doctors, and your handsome offers again and again.

✓ Showing your hospital & offers again and again ✓ Targeting people like them in the exact same local radius

PILLAR 3: BUILDING DEEP TRUST (5 HOURS → 100 PIECES)

Repurposing 5 Core Doctor Videos Into 100 Pieces of Content for Your Area.

To build deep trust so patients never doubt your hospital, we need just **5 hours of your doctor's time once a month**. We record 5 core pieces of content answering real patient questions. Our team then **republishes and repurposes those 5 pieces into 100 pieces of content** (reels, video tips, symptom posts) across all social media specifically targeted to your area.

- **5 Hours** Doctor Recording
- **100 Pieces** Content Repurposed
- **WhatsApp** +92 0318 910 7951

Simple Comparison

Old Marketing Agencies vs. ClientKit

Why traditional advertising wastes your money, and how ClientKit fixes it.

WHAT YOU NEED	OLD MARKETING WAY	THE CLIENTKIT WAY
Where Your Ads Go	⊗ Waste money on roadside billboards that people pass in 2 seconds.	✓ Show videos only to people who live within 5 km of your clinic.
Doctor Time Needed	⊗ Doctors waste hours every week trying to create social media posts.	✓ Doctors spend only 5 hours once a month. We handle everything else.
Videos & Content	⊗ Old graphic posters with stock photos that get 2 likes from staff.	✓ 100 short video tips answering real questions patients ask.
Meeting Local Companies	⊗ Zero. Agencies sit on computers and never visit nearby offices.	✓ Our team visits local offices with cards & handsome offers to get contracts.
How Patients Book	⊗ Long web forms or busy phone numbers where 70% of patients give up.	✓ Direct WhatsApp button (+92 0318 910 7951). Fast tokens in 60 seconds.
Competitor Policy	⊗ Agencies will happily work with your direct competitor next door.	✓ Strict 1 Hospital per Area. We never work with your competitor.

We never work with your competitor in the same area. Claim Your Area: +92 0318 910 7951

PKR Revenue Calculator

Calculate Your Extra Monthly Revenue (PKR)

Move the sliders below to see how many extra patients you can get.

Hospital Beds / Clinic Capacity: 50 Beds

10 Beds (Clinic) 75 Beds (Medium) 150 Beds (Hospital)

Average Procedure / Fee (PKR): Rs. 15,000 PKR

Rs. 3,000 (OPD/Dental) Rs. 25,000 (Day Care) Rs. 60,000+ (Surgery)

Extra Monthly OPD: **+160** WhatsApp Inquiries

Extra Surgeries / Mo: **+19** Direct Bookings

PROJECTED EXTRA MONTHLY REVENUE

Rs. 2.9 Lakhs / mo

≈ Rs. 34.2 Lakhs / Year in additional revenue

Common Questions

Frequently Asked Questions

Simple answers to what hospital directors and doctors ask us.

How much time do our doctors have to give?

Only 5 hours once a month. Our team comes to your hospital with cameras, lights, and easy questions. Your doctor simply sits down and speaks for 5 hours (recording 5 core topics). We edit and republish that into 100 short video tips. Your doctors never need to edit videos or manage social media.

Ask this on WhatsApp (+92 0318 910 7951) →

Will you work with our competitor in the same area?

Is this clean and allowed for doctors?

How fast do we start getting new patients?

Why do you use WhatsApp instead of website forms?
